

Confirmation (1):

SL: Your discovery call has been scheduled

PV: N/A

Hey {first_name},

You have officially scheduled your discovery call with the *Contract Flips* team.

Here's what to expect...

We'll go through where you are right now, where you're trying to go, and whether or not *Contract Flips* can help you do that.

You can feel free to bring as many questions as possible.

Just make sure that you take it in a quiet room on your laptop with a solid chunk of time.

I'll send over a couple of things beforehand to make this as valuable as possible.

Speak soon.

SL: What's it like working with us?

PV: N/A

Hey {first_name},

I want you to get an idea of what it's like working with us before our discovery call...

- You have all of your marketing set up so that motivated sellers start coming to you.
- We plug you into our network of cash buyers.
- We hold your hand the entire way with one-on-one access and coaching calls.
- You get course content that walks you through absolutely everything.
- You become part of a community and join group coaching calls.

There are a ton of other bonuses that I'm not even mentioning right now.

The discovery call will give us a chance to go through all of this in much more depth: [LINK]

Objection Handling (3):

SL: You're wondering if this is worth it or not

PV: N/A

Hey {first_name},

I don't blame you for wondering if this is worth it or not.

The bad news is that making a big change in your life feels very scary.

The good news is that your success lies on the other side of that fear.

There's absolutely no reason that you won't be able to land your first \$20,000 to \$50,000 deal in your first 90 days with us.

My promise to you is that this will work out as long as you follow our lead the entire way.

The only risk is remaining stuck exactly where you are right now.

We'll figure out the exact details on our [discovery call](#) anyway: [LINK]

Expectations (4):

SL: What can I expect?

PV: N/A

Hey {first_name},

I want to set some honest expectations with you before our discovery call...

Mastering this business model can definitely pay dividends for a lifetime.

It's still going to take some effort and sacrifice in order to get deals across the line though.

The ones that perform the best treat this like the top priority in their lifestyle.

We can only build you a realistic game plan on the discovery call if you know this: [LINK]
